Python: Code2Xplore – 60 Days Challenge

DAY-1 Submission Template

Challenge Title: User Profile Validation System

Subject: Hands on Python
Course Code: CSE205
Concerned Teacher: Dr. Yasir Afaq

Student Details

Student Name: _____ Register Number: _____
Section: _____
Date of Submission: _____
GitHub Repository Link (Mandatory): _____

Challenge Understanding

Briefly explain the problem statement of the DAY-1 challenge in your own words.

Validation Rules Implemented

Explain how you validated Full Name, Email ID, Mobile Number, and Age.

Approach / Logic Used

Describe the logic used to solve the problem using strings and conditions.

Algorithm / Steps

Write the step-by-step algorithm followed to solve the challenge.

Python Program

Paste the complete Python code below:

Test Case Verification

Verify your program using the instructor-provided test cases.
Test Case 1 Output: _____
Test Case 2 Output: _____
Test Case 3 Output: _____

Learning Outcome

What did you learn from this challenge?

Student Declaration

I hereby declare that this submission is my own original work. I have not copied the code from any AI tool or online source. I understand that plagiarism will result in ZERO marks.
